

AUTO MONEY IS COMING TO CARTER CO.

FRANK McPHAIL OBTAINS STATEMENT OF RECEIPTS. WIRT WILL HELP ON THE PROPOSED ROAD WORK.

Frank McPhail who is with Apple & Franklin in the oil fields was in the city yesterday. Mr. McPhail is interested in seeing a good road built between Ardmore and Wirt, and he has devoted much time to road work since he has been in the fields. He states that auto owners are slow in paying their auto tax for the reason that they are of the opinion that the money is being retained by the State Highway Commissioner and is not being sent out to the country. He made a personal investigation of the matter yesterday and learned in the office of the county treasurer that this county has received since the first day of January \$3,661.05 of the motor tax money and that the commissioners estimated the amount at \$3,000 and made that sum immediately available.

An itemized statement shows that in January, Carter county received \$300.19 and Ardmore received \$38.11.

In February, Carter county, \$115.47, Ardmore \$28.18; in March, Carter county \$280.23, Ardmore \$78.77; in April, Carter county \$553.61, Ardmore \$150.51; in May Carter county \$666.67, Ardmore \$155.48; in June the total amount received was \$1291.45 and the portion that comes to the city has not been parceled out. This shows a total in six months of over \$3,600. Mr. McPhail says the people understand that their money is coming back to be used in road work that they will pay their tax with greater promptness and willingness.

Mr. McPhail also states that he and all other people in the field will co-operate with Ardmore on the two big days work proposed on the oil field road.

MANY WOULD JOIN ARMY IF CALLED UPON

BUT INDICATIONS AT PRESENT ARE THAT UNLESS THE ONE REGIMENT GETS BUSY, ANOTHER WILL NOT BE NEEDED.

Since Captain Hutchinson opened tentative rolls for enlistment in a new regiment Friday afternoon, many have entered their names and expressed a willingness to join the regiment for service in Mexico, provided they are needed, and indications are at present that a company of full war strength could be raised here in twenty-four hours.

There is a general feeling of depression here among prospective guardsmen over the way politicians have juggled the affairs of the national guard since the president's call for mobilization, and the spectacle of three or four cities pulling and hauling with the powers, and the near-powers that be, in order to get the mobilization camp, has deferred the actual work until it begins to look as if Oklahoma troops would be the last in the field. This will have a tendency to put a crimp in the aspirations of those who hoped for another regiment, according to the belief of a man who has spent several years of his life in the military service, unless the state can get the one regiment it already has, and that not recruited up to war strength, to the border, the chances that another will be called look very slim indeed.

This is but another example of where peanut politicians smash the aspirations of right thinking citizens who are willing and anxious to do something for their state and nation, and incidentally the fair state of Oklahoma gets another black eye.

BUILDING NATATORIUM

Dornick Hills Members Will Enjoy Healthful Sport of Swimming.

Dornick Hills Country Club has a crew of workmen now busy on the construction work of a natatorium at the club house. The club plans to have it ready for use by the fourth of July, but for the reason that labor is scarce in the city the officers are not sure when it will be completed.

The bonds recently voted by the club have been printed and were being signed yesterday. They draw eight per cent interest and make an ideal investment. The club offers them to every member, but in case the members do not want the issue, there is one man in the city who will take the entire issue.

BANK STOCK FOR SALE

I have 94 shares of stock in the Madill National Bank of Madill, Oklahoma, which I will sell at a little less than book value, according to last call. This bank is one of the best managed banks in Marshall County. Its management is conservative, yet progressive, and this stock will prove a good investment for any one with surplus funds.

JUDGE HENSHAW HERE

Marshall County Official Devoting His
Energies to Oil.

Judge J. I. Henshaw, county judge of Marshall county, was an Ardmore visitor yesterday. Judge Henshaw is one of the most efficient county officers in Oklahoma or in any other state. He is devoted to the interests of his county, and has been of great service to those people who are anxious to have test oil wells drilled there. The feeling exists among many oil men that a vast pool of high-grade oil exists somewhere within the confines of Marshall county, and some big companies are getting a hold there now who will drill important tests.

LIKES COUNTRY LIFE

Gathers Inspiration From Growing
Crops and Herds of Cattle.
L. Hanway was in the city yesterday from Cheek. He states that crops are doing fine, live stock are doing well and it looks like his portion of the county will be in clover this fall. Mr. Hanway formerly lived in Ardmore, but he says he would a hundred times rather live on a Carter county farm than to live in Ardmore. He likes to see the crops grow, he likes to see the herds of cattle and droves of hogs, and likes to get in behind a big mule team and work. But most of all when night comes he loves the rest of the country, away from the honking auto and the noise of the city.
